Dear Nina, bless you and the

Intended for my I AM Presence to  
Be with you and your India group  
To participate, share and receive  
Whatever honors me and the project.  
In the most benevolent way, hugs.

Wow that sounds like it's going to be incredibly powerful! Would love to be there with you!  
xxxxx My soul feels nourished having met you!! xxxxx  
BIG love to you xxx

That is so very magnificent. Thank you for those words. I just finished a 13-day workshop with Raquel on clearing the Pineal. And, I now see one of the reasons why, with your words below. And, I understand the buzzing in the head that has been occurring since the workshop and the feelings of just being floating out in space even though I was fully awake. I also wanted to thank you for the message from Metatron in your reading through Tyb that you put into your book. I read that message about the re-entry back into the physical body from sleep or meditation a while back and it was the answer to what I was currently experiencing back then.

These last two weeks, I have had to use my Vogel around my head and my heart and I was fully awake when the viratory patterns began increasing. One time I had to do 15 circles to get my physical body grounded again. So, the information that you passed on in that book is still keeping me protected during these transitioning times. Thank you so very much for your presence in my world and your continuing work with the Cosmos everywhere. Thank you Nina! Very important information.

I can travel energetically to every place in the universe so can tune in for the India transmission as well. We had earthly ascension on the 25th of August as well. I put it in my diary with intention to visit you the 2nd of October in India.

Nina, I am feeling truly humbled to be associated with this activation you are doing for all of humanity and the universe. I am and been going thru an intense clearing since your call to me to hold your physical place on earth while you are gone.

All said the inner knowing of what is being done on 10-2 defiantly will catapult the whole of consensus making the journey into the 5th easier for us.

I thank you for all the clearing you have done for yourself to be clear and activated to remember what it is that you have come to do for us.... thank you..Thank you. It is a pleasure to be assisting you.

Nina, this is soooo exciting! I'm putting this on my calendar, to "tune in" to the frequencies as they are occurring. in awesome wonder.

Oh my heavens, how magnificent, joyous, magical, wondrous...thank you soooo much for sharing these transmissions!! You, dear Lady, must be buzzing at a rate that could electrify all of Santa Fe!! I'm sure I'm not alone in feeling this way for you and because of your sharing we also are fueled and stimulated, simply by being "in relationship" with you and the frequencies that resonate with you. I am so grateful to Loving Life for assisting in having our paths cross. Every communication with you adds Light & Joy to my perceptions, leading to my being a more confident, vibrant messenger.

Nina, this is so exciting- gives me chills. You are so amazing to agree to do this work as Nina, although I understand that as Anaya-Ra, you and others have been working on this piece for eons. But I also know that your journey as Nina has, at times, been difficult, and that there have been many sacrifices required. I love you so very much, and want you to know that my love surrounds you as you prepare for and execute this monumental service for humanity, our planet, the galaxy, and the universe.

Wow Nina! Thank you for the work you do!  
Thank you precious Nina for sharing this. The message is so inspirational and profound.  
Sparkles of light and dancing joy!

Thanks for sharing Nina, enjoyed it. I think I will join you etherically in India. I LOVE YOU!!!!!!

Thanks so much for continuing to send me emails. With this latest one --all I can say is WOW! I think of you often and wish you continued good health and wonder-filled experiences. I've sent this email to friends with whom I've shared your work. Gosh Nina, You are completely amazing and I feel blessed to know you.

“What beautiful news you shared about the trip/service you are undertaking to India. I thank you so much for this work you are undertaking to really stop suffering on earth by putting on new lenses and seeing the creation through the eyes of the Creator.”

“Thanks for sharing this Nina --- so much developing -- thank you for all the work you do for the planet, humanity and divinity -- and for who you are blessings and gratitude.”

“Whew!!! Big Stuff!!! Thank you for the update and sharing.”

Nina, thank-you so much for including me in the new newsletter. Stunning developments!!

This is so very exciting and so much bigger than anything I thought. I feel so grateful to even know about it, and for your presence. I look forward to hearing how it unfolds! With love and gratitude.

When I underwent my spiritual emergency five years ago, in the form of a spontaneous shamanic initiation while I was driving through New Mexico, what was told to me was that humanity was going to go through a great transition. Those who knew how to choose love and peace would find the transition miraculously beautiful. Those who didn't would experience much anguish. Among many other things, the spirits also told me that I truly had a fairy godmother on this planet and one day I would meet her. I feel like I'm coming face to face with this prophesy, through your transmissions, actions, and words. That the universe brought us together and that it was all foreseen five years ago, is breath taking to me. Thank you Nina, for everything you do on this planet. I'm so grateful & speechless. I love you.

We will be joining you at some level on this marvelous journey. Go safely. Much love to you.

This is riveting reading. I see another book in your future.

Thank you for sharing this Nina - amazing work you are doing - thank you for being you.

This is wonderful. Thank you so much for sharing this. It is more than Fascinating! I printed it out so I can read it again more slowly. I really appreciate your keeping me in the loop!

All is resonating within me and whilst I will not physically be joining you at this event I will be there on the etheric.

Your newsletters ring true with me. I have felt the rising of consciousness and have been told that something vital to our ascension would happen this fall.

Thank you so much for this information you have sent out. I read through this email with tears in my eyes for the most part. This information has given me some important answers for 2014. Thanks for you being you and following your inner guidance.

What wonderful information and progression... I was told that I am a member of the Galactic Federation.

I am SOOOO jealous!! :o) Put in a good word for me and please stop by and give me a ride on one of the ships when you go!!

Bravo Nina!! Bravo.

Nina.....these are so beautiful.....and I felt compelled to write you with loving support in your India trip and travels to help mankind.

So Nina, your next adventure unfolds. How very interesting that the bubbles that have puzzled and perturbed you for so long are participants in this dynamic. I sense I am involved somehow in this process but have no clarity yet as to how...perhaps as only a fascinated observer? Meanwhile, know you are much loved and appreciated for all you do on behalf of our beloved Earth and her inhabitants.

I have been remembering at a more rapid pace over the last two years than ever before. Your newsletter affirmed what I was getting and filled in the blanks.

Oh My, Nina! You are doing some mighty exciting work! I read your post getting ready for India and now I am looking at the Kryon post. I get shivers! Grateful for all you are doing! Wow!

I have read through all your recent channeling messages relating the Global Congress of Spiritual Scientists and your India visit. Just so amazing and I really feel special to be part of all that is happening and going to take place shortly in Maitreya Buddha. Pyramid.

I have been following your work with the dolphins and now very closely as you enter a new expanded purpose and phase. I have shared your recent channelings and mission with other Light workers too. I support you though you don't need it to succeed and sent my love and light.

So Excited!!! I have been reading some of the transmissions you are receiving in preparation for your visit to India and I am so excited I stumbled onto them! The earth and its inhabitants so need these downloads! It is my intention to be focused and tuned in on October 2! So grateful for having met you, if only by Skype! Thinking of the mission ahead and sending an abundance of divine love and light, peace and joy to you and yours!!!! <3

On the 8th of August (8/8) I was in Carnac France, the place where the Alignments are. I was feeling I had to activate a part of these stones. It was a circle of stones. For me it was the control centre of these huge Alignments. When I was re-activating these stones with the channeled tones I made with

my voice, it felt that these alignments had to change the frequencies of the planet so planet earth could be a part of the Universe. I asked the help of starships. For me the beings in the ship that came, felt as an overtone (11/12 dimensional) of the 5/7 dimensional Pleiadians who we know right now. It felt that the purpose of this ship was observing and helping with the evolution of the planet. In my notes I wrote, it was an evolutionary ship. Now, after reading your beautiful messages, I understand this ship was from the Galactic Federation. Thank you for your messages. With honor I salute you. What an important event! Thanks for doing this profound work and sharing this. I really love the message and the event. Greetings, love and light.

I have caught up with reading your posts, and truly want you to know how I hold all that you are doing in the highest regard. I would like to think that I can hold the intention of supporting you in loving energy and that my doing so will somehow assist in strengthening the entire supportive foundation that so many offer you. If there is anything that you would specifically suggest for me to incorporate in my meditations, or focused intentions for the highest good of this amazing task which lies before you, please do let me know... I do hope that you are heeding the advice to really take care of your body in preparation for your task. I have witnessed the impact of the energy surges on your physical vehicle and know how important this is.

I am compelled to send love for the Oct 2nd event and for moving the planet forward with positive energy.

Following your channelings on the trip to India and all the preparations for this gala event in the spiral of life with loving interest. May all your challenges be exuberantly joyful on this journey! Have you asked if the Phi Crystal should be leather wrapped in decorative form with feathers and beads as spirit gifts and a firm holding place for the tall climb up the spiral? I couldn't resist a giggle. Absolutely, You and the Crystal will fill Hearts of the Nations with beauty and grace.

Nina, my thoughts are so with you in your training, purifying, transmuting preparation process. I send Light and gratitude.

Dear one: My heart is full that these great truths are spreading so rapidly through your own expanded heart at this pivotal time of planetary awakening. Yet again you are ably serving as cosmic ambassador to many cultures and fortunate ones who await your messages. We love you and await more stories of your global journey, which is only now really beginning to reveal itself in this special life.

I feel so comfortable with the transmission on INTENTION!  
Thank you for sharing all pertaining to the pre-congress transmissions.  
Love you for who you are, indeed! A big hug.

How may I be of service? I am overwhelmed with an incredible energy after reading your transmissions. Oh Nina... these are wondrous and sacred times. THANK YOU for your devoted and courageous service. How may I be of service? I AM SO GRATEFUL. I AM SO READY. I AM THAT I AM. Blessings on your India trip. I feel I AM with you in the higher realms? I have tears and energy surging after reading the transmissions. Oh Nina... WOW.

BELOVED BLESSED NINA. I AM GRATEFUL FOR YOU. I hold my golden dolphin periapt with great gratitude.. and send huge loving and grace filled intentions for your trip to India.

Welcome to India my dear Nina. We will meet at pyramid valley. Voohoo. Awaiting for that wonderful day. Much Love to u my dear.

Nina, I am with you in your sacred mission to the Pyramid Valley but in the etheric realm. The Universe planned it this way. Have a wonderful trip.

Count me in too! Can't wait to hear the results of your awesome mission. How blessed you are to be given this honor and how blessed we all are to reap the benefits. Journey well!

Are you feeling excited, awed, peaceful, ready? All of these and more? I send Light and Love to be with and around you as you journey to India.

Blessings Nina! So excited to be reading the transmissions, and feeling great anticipation for the event! Can you tell me the time exactly? I am thinking the 7 pm time is in India...so it will be different here, PST. I can look it up...but want to be sure I have the right coordinates and time. I'd love to be there in the physical, but will need to simply send my love and spirit this time. More love and light than you can imagine coming your way, blessed be! Much love and appreciation to you and all who are participating throughout the universe.

I have been reading your transmissions and find it all so exciting and fascinating. I am sure there will be many questions for you. I have shared with the group your upcoming visit to India, and I am sure they would love to hear more about that.

I have chosen to invite all the Delft people to join me at a meeting near the Pyramid of Austerlitz in the center of the Netherlands at the same time when you begin your ceremony at 15.30 our time = 19.00 hr in Bangalore. We will gather half an hour before to prepare. I would love to hear your advises about this celebration in the Netherlands. I was thinking about sitting in a circle, give each other a hand to close the cycle and meditate.

Before the meditation I will speak out the intention of the meeting

- 1) Acceptance of Earth into the galactic Federation.
- 2) Acceptance of the Federation into the multi-verse federation go Galaxies

Do you think it will be necessary to know exactly your time schedule when you ascend the pyramid? I can take my crystal egg and do the same or just sit down with everybody and meditate/focus on Matreya Buddha Pyramid

Amazingly 'clear space' within today, Nina. Know that 'I am in position' and support you fully...And now here I am in Baja — the first colony of the 'sixth root race' or the Divine Human 'in position' to receive your transmission. I share the above with you just to let you know how supported you are. I know you know this. All is ready for you, my friend.

Good morning my Friend and many blessings upon you on this equinox morning. I will be sending you giant cyber hugs from the slopes of Mt Shasta where my friend & I will be welcoming in the new energies of this day. As are many, I am reading your transmissions with eager excitement and crystal clear intent to join with the rest of Creation to welcome the codes, the energies and the golden age of love on beloved Gaia. Thank you for being All that you are and the services you render. Much love

Dear Nina, How magnificent, grand and wondrous your task at hand and upcoming journey. I am most honored that you share with all of us every step as it unfolds, transpires; know that I (and surely, all of us, having received our blessed codes and awakening via you by the Golden Dolphins Elders) embrace you with love, light and many blessings ALLways. Safe travels. We will be right there with you. Love and Hugs.

Nina, I have SO resonated with all of these transmissions. I will be with you as you travel to India and definitely during the ceremony of receiving and transmitting the codes. DO have a wonderful time, being in joy, fun, and play. I love you so much.

I'm loving reading your Pre-Paving Journal, and I truly appreciate you sharing this with us! I look forward to hearing your experiences as they unfold. My blessings go with you on your awesome journey to facilitate Earth's acceptance into the Galactic Federation!

Safe Journey, Nina Love and Light.

I've been thinking about you and wanted you to know ... my supportive thoughts and intentions will be with you on October 2nd. Thank you for taking on such a huge mission Nina. I feel deeply connected, and I particularly notice my work with the Celestial energies of the Colors intensifying.

Safe enjoyable trip! Blessed transmission and guidance. The Universe of All that IS will be with you - in YOU. Cooperation for / with all of creation. How fantastic.

Very Perfect Nina! Your transmissions have been very helpful to me, especially the two most recent ones — thank you. Feels like I, too, have been getting prepped. Had no idea until today just how much energy has been running through me. I feel like a birth canal myself — one that the hurricane flushed out and amped up!! I heard today that “the level of energy I experienced was necessary for me to be ready. All will be easier now.” Wishing you a joyful take-off, a beautiful experience and a happy landing. Will be connected as always. With Love and Gratitude

Wishing you a comfortable journey and a very warm welcome in India!

I have followed with great interest and excitement the details of your Oct 2 transmission in the Maitreya Buddha Pyramid. What a day of accomplishment and celebration for humanity and Gaia and our Galaxy! The culmination from becoming to being a Galactic Citizen. And what a day for you! I am so proud and happy for you. You are so capable, commanding, and gracious in expressing your sovereign divinity. Have fun! I just want you to know that I and my masterful friend (whom you know on some level) will be attending this glorious transmission in the etheric in the pyramid. Together, we will join with the light beings present in co-creating coherence and unity in the field, as we witness this Grand Event. And we are very excited to receive and carry the gifts that you bring in. With love, admiration and deep appreciation.
